## Who are we? - Organisation

## ¿Who are we?- *International trade*

### **Tarquini Group**

Thanks to his Egyptian branch **Tarquini Mining**, **Tarquini Group** distributes worldwide and in exclusive Iron Oxide at 62% and 82%. The quality of these products is certified by the international quality control company SGS

Our current production capacity is around 15.000 TN/month, and the full capacity can reach 30.000 TN/month.

Our products are made for different sectors: metal, painting, pigments, and so on.

## Who are we? - Chemical products

Thanks to his Spanish branch **Tarquimic**, **Tarquini Group** designs, produces and distributes chemical products worldwide. Our chemical products range:

- Water treatment, domestic and industrial cleaning, food industry, and any other kind of tailor-made products.
- Branding

**TARSEA**

**TarMetal**

**CleanCar**

**Dream Wash**

**LEDICAT**

**CLEANPRO**

## Who are we? - Plastic recycling and treatment

Thanks to his Spanish branch Taros Recycling, **Tarquini Group** treats plastic waste of PP (polypropylene) and PE (polyethylene) coming from the farm industries (greenhouses).

Our patented and exclusive procedure can recover 100% of the raw material, fact that gives it the best quality in the market
